MEMORANDUM FOR: Chief, Management Staff

SUBJECT : Expediting Issuances of Technical Accounting Handbooks

1. The attached memorandum prepared by the Acting Chief, Technical Accounting Staff, sets forth the difficulties and delays encountered in its endeavor to expedite issuances of technical accounting handbooks.

2. I believe you will agree that it is essential to release these handbooks as soon as possible, and by all means, in a sufficient time before the beginning of the new fiscal year so that they can be studied by the operational components and put into effect on 1 July 1957.

Your cooperation in expediting action on the above will be greatly appreciated.

E. R. SAUNDERS
